OBJECTIVE

Motivated and hardworking B.Tech CSE student at Parul University with hands-on experience in Python, JAVA, and advanced programming. Passionate about building innovative Websites and eager to apply technical skills to solve real-world challenges.

EDUCATION

Bachelor of Technology (B.Tech) — Computer Science & Engineering

Parul University, Vadodara

2nd Year | CGPA: 7.49 / 10 | Expected Graduation: 2028

Diploma in Computer Science Engineering

UKA Tarsadia University, Surat

Graduated: 2025 | CGPA: 7.35 / 10

10th — Secondary School Certificate (S.S.C)

Baroda Public School, Vadodara

Passed: March 2022 | 64.83%

INTERNSHIP EXPERIENCE

Summer Intern — Advanced Python & NLP

June – July 2024

NJ Technologies, Surat

- Built a Word Prediction System using Advanced Python that predicts the next word from any given sentence or paragraph.
- Applied NLP concepts — text tokenization and probability-based algorithms for real-time word suggestions.

PROJECTS

Personal Interactive Portfolio Website

Personal Project — HTML | CSS | JavaScript

- Designed and developed a fully interactive personal portfolio website from scratch using HTML, CSS, and JavaScript.
- Deployed and hosted on GitHub Profile — showcasing projects, skills, and experience in a responsive web design.

Voice Controlled Car — IoT Project

Diploma Final Year Project

- Designed an IoT-based RC car responding to voice commands (forward, backward, left, right, stop) using Arduino.
- Integrated a voice recognition module and programmed motor drivers in Embedded C for real-time control.

Word Prediction System

Internship Project — Python | NLP

- Analyzed input text and predicted probable next words using Natural Language Processing techniques.
- Delivered a clean command-line interface for user interaction with real-time prediction output.

CERTIFICATIONS & ACHIEVEMENTS

- Participated in Hackathon-2022 at Auro University, Surat (Oct 7–8, 2022).
- Completed CCC, C Programming & C++ Programming — Better Career Management, Surat (Mar–May 2022).
- Achieved Black Belt certification in Karate — recognized for discipline and leadership.

TECHNICAL SKILLS

Languages: Java, Python, C, C++, HTML, CSS, JavaScript, SQL, SwiftUI

Frontend: HTML, CSS, JavaScript, Tailwind CSS, Bootstrap, Responsive Web Design

Core Concepts: Data Structures & Algorithms, OOP, DBMS, Software Engineering

Tools & Platforms: Git, GitHub, VS Code, Android Studio, Xcode, Arduino, IoT, NotebookLM, Antigravity

Deployment & Cloud: Vercel, Netlify, GitHub Pages, Basic Cloud Deployment
